About AI Nights

About AI Nights
About AI Nights
About AI Nights
About AI Nights

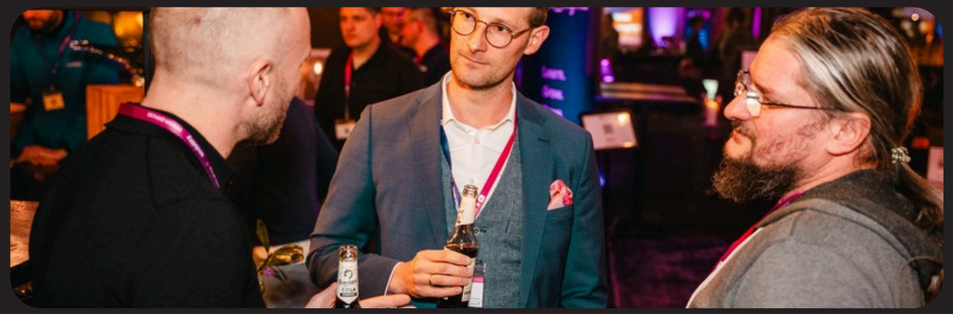
01

AI evolves at lightning speed. Traditional conferences plan far ahead, content quickly becomes outdated, and meaningful interaction with speakers is limited. **AI Nights Events** create space for current topics and real conversations.

AI moves at lightning speed.

Typical conferences offer keynotes, presentations and talks. But what about networking and getting into touch with the speakers? We strongly focus on getting in touch with our AI Night speakers - and partners. All that within a casual and event like environment.

Conferences lack of **casual setting**



It’s our key focus to offer high quality talks with a clear set time boundary, offer a time boxed discussion afterwards and close with an actively supported networking phase.

Balance **networking** and **talks.**

3x 60mins slots

30 Minutes Talk

15 Minutes Questions

15 Minutes Break

To keep the evening entertaining, we use fixed timeboxes.
Three speakers. Thirty minutes talks. Fifteen minutes questions.
And fifteen minutes networking break.

Our Concept.

High quality speakers.

You

We always mix ai nights stars together with shiny topics and deep dives

Professional setting

Video Equipment

Event Lightning

Networking Lounges

Virtual Goodiebags

We build the perfect environment for unique moments using professional event equipment.

Create moments.

We believe, that successful events need special and unique flair.
That’s why we not only build stages. We build environments to connect!

02

Key Features 1/2

We offer various different possibilities to place **your brands message** and let it shine on our platform.

Showcase your product

By offering a **talk**, speech or **having a demo desk / table** at the event, you can directly connect to your audience.

Social Media Platforms

Long before our event is happening, we share insights and **content on our social media** networks. So we do for you!

Virtual **Goodie Bags**

AI is heavily using resources. So we care about the planet. That's why we decided to use digital virtual goodie bags! Their biggest benefit: you can directly measure our campaigns success.

On Event Spaces

On the event space we have multiple roll up displays, monitors, canvases etc. to show static logos or even animated videos of you and your brand

Key Features 2/2

We offer various different possibilities to place **your brands message** and let it shine on our platform.

Host an AI Night

By hosting an AI night in your office or event location, you will benefit from our infrastructure, tech and network! Invite your most valuable clients and we will do the rest for you.

Valuable lanyards

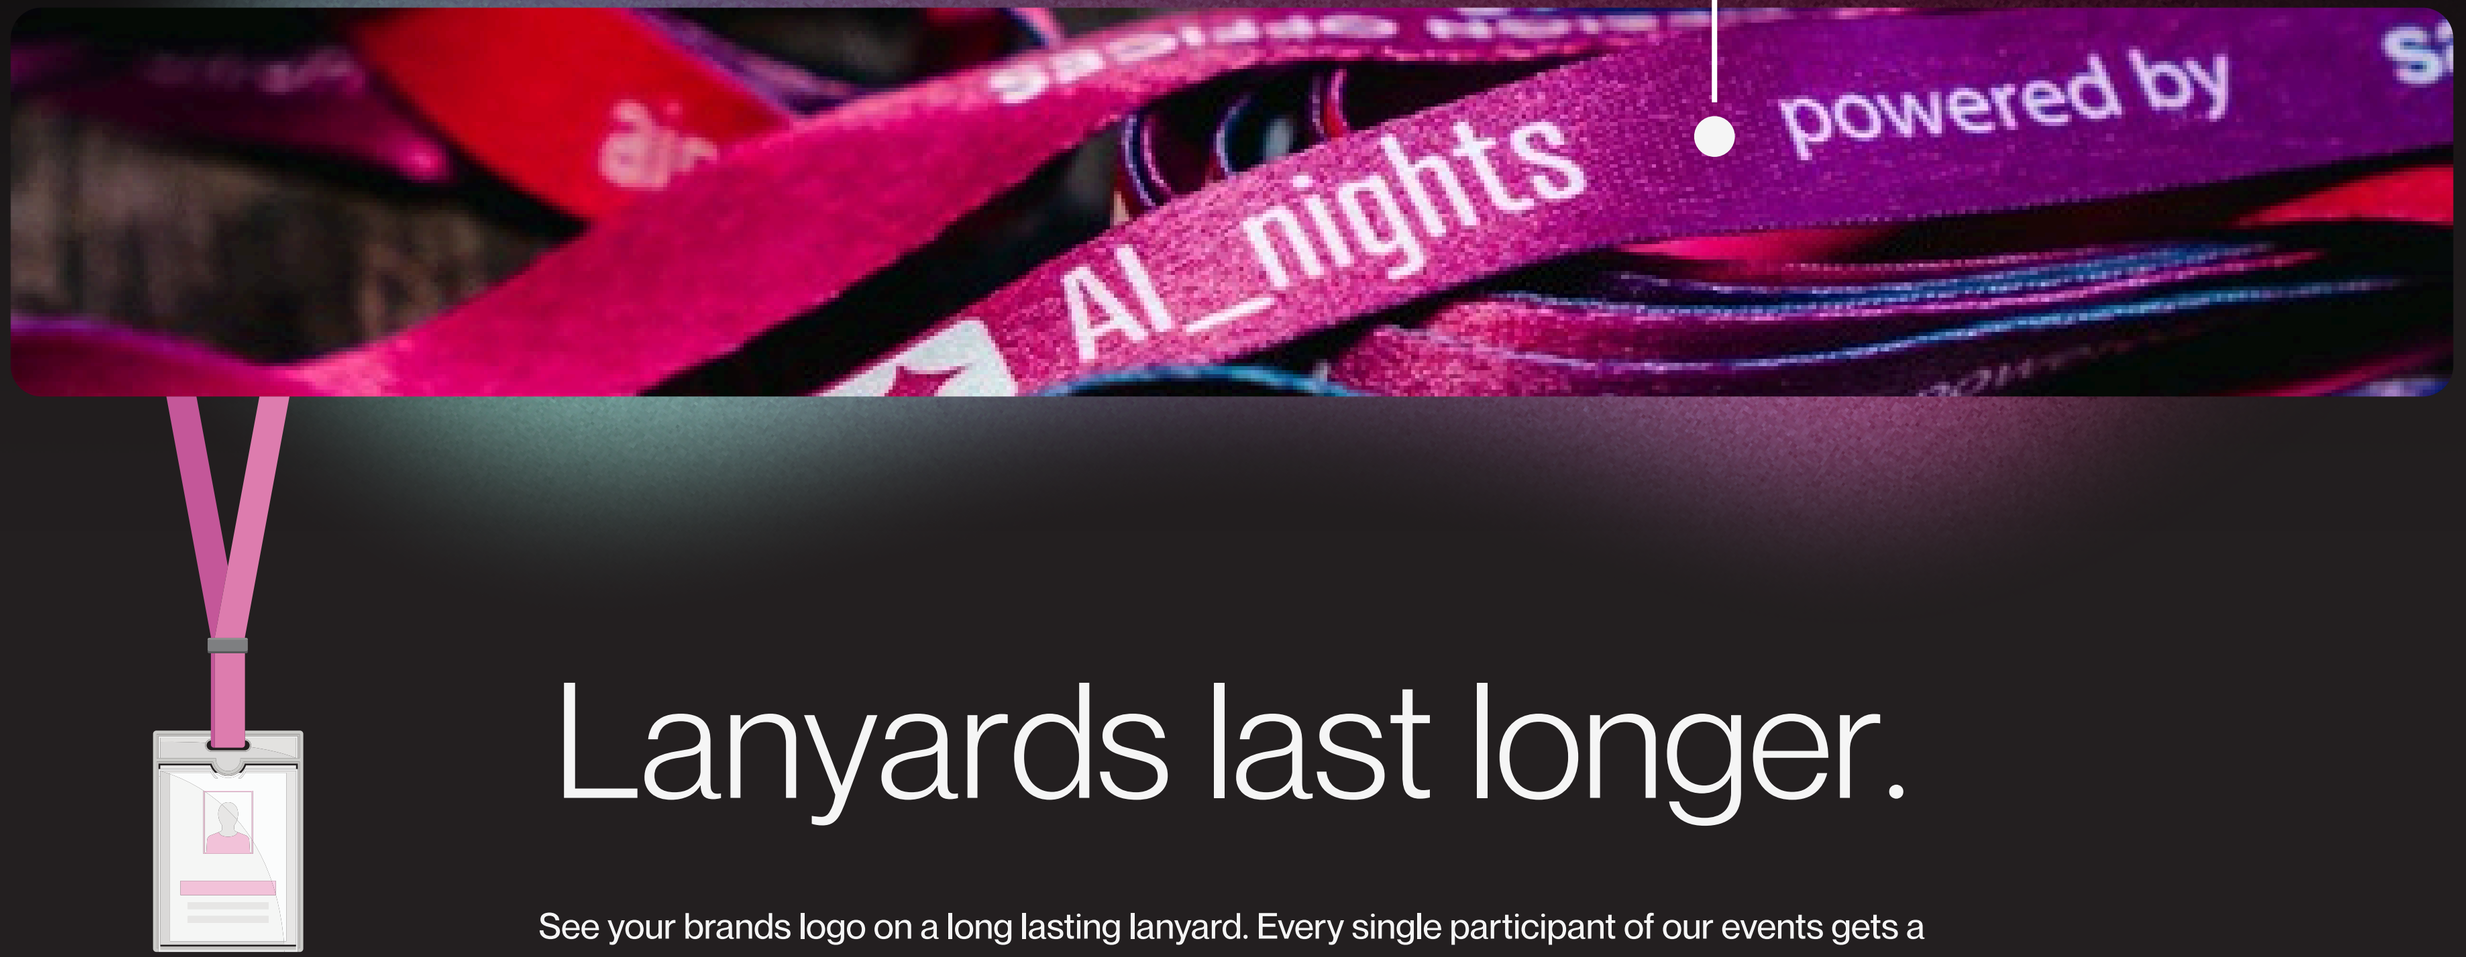
Built-in chat, voice, and notification system keeps everyone aligned.

On our website

Of course we will set your logo on our website, events landingpage, checkout page etc. - wherever it fits your marketing strategy

Newsletter

We have a growing newsletter with a leading industry standard opening and interaction rate. We'd love to place you in one of our mailings



Lanyards last longer.

See your brands logo on a long lasting lanyard. Every single participant of our events gets a lanyard and name badge. Even on our afterwork networking events.

Your Logo on a Lanyard

Your logo

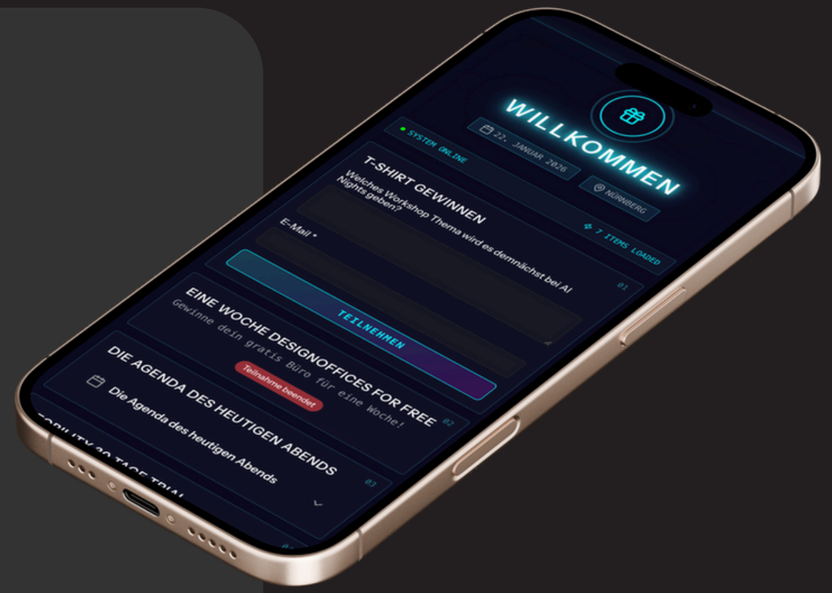
Lanyards are used even months, years after the event

Make sure, that your brand is recognizable in AI Nights context even weeks, months, years after the events

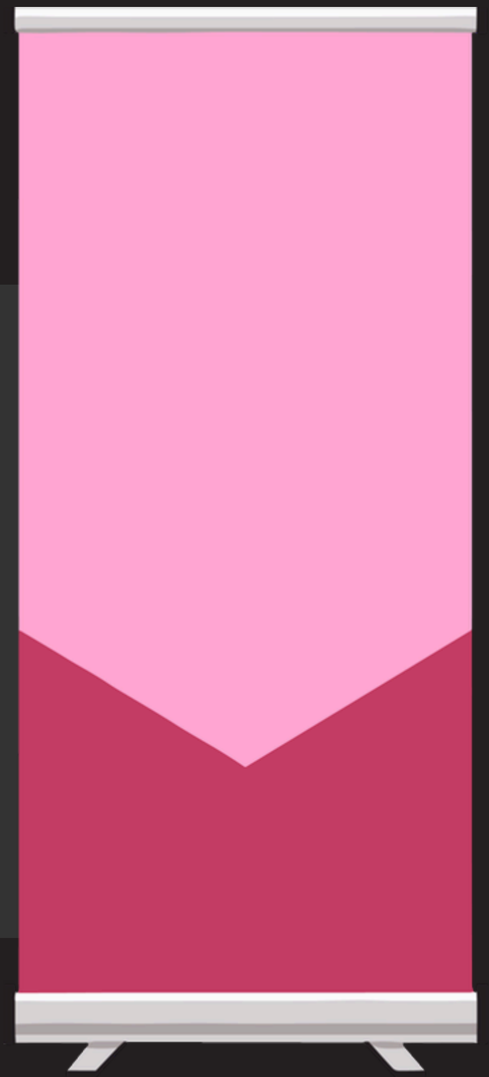
Virtual Goodie Bags.

Infinite possibilities to gain potential customers

We invite every participant via e-mail to open their virtual goodie bags! In addition everyone gets a high quality lanyard at our entrance. On the back there is a QR code to easily access virtual goodies.



Roll Up Displays



Put your logo on our material

We highly encourage you to place your logo on our e.g. Roll Up Displays, Flyer, Goodie Bags etc.! These Roll Up Displays will be placed very present in the check-in area, next to the stage, right in front of the networking area, bar etc. - so people won’t miss your brand!

Hosting an AI night

Be part of AI nights. Be AI nights!

We have a wide knowledge and offer all the tech and management required hosting medium large scaled events. So we also are able to host an own variant of AI nights in your companies locations

Loyal participants

Recurring participants since day one

More than one third of our guests at least visited more than one AI night. We even have people in the audience, that didn’t miss one single event! That proves quality, loyalty and trust! Talk to us how to benefit from these attributes.

Facts and figures

04

Facts and figures
Facts and figures
Facts and figures
Facts and figures

Our Strategy.
Our Vision.

Events

Four AI Nights Afterwork Events per City per Year

We want to connect people. Approx 60-100 participants per event. 100k+ audience on instagram & co. Recurring effects.

Summit

One big conference including workshops

To complete our vision, we will have one big summit a year.

Social

Actively managing social media content

Our founder @it_pabst is an expert in UCG and producing social media content.

The afterwork concept.

Fixed timeboxes

Our 30/15/15 timeboxes offer perfect balance between content, discussions and networking

Three speakers on stage

We try to mix absolute domain experts, together with brand new topics.

Global Access, Local Control

Cloud-based environmental friendly goodie bags on every single lanyard.

Testimonials

Testimonials

Testimonials

Speakers top voices.

Equal quality events only exists in Las Vegas (AWS re:invent), Barcelona and other hot spots... and now in Nuremberg!

Thomas Schoenherr
Chief Technology Officer (CTO) @ seobility

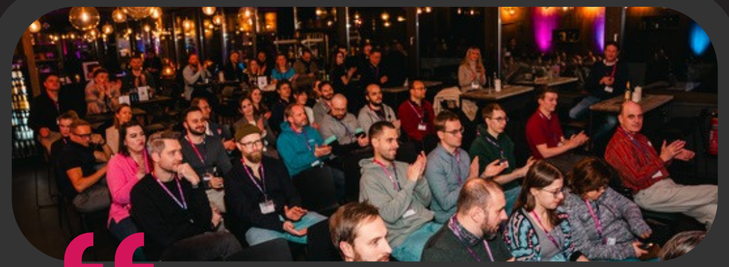
The event organization is on a very high quality.

Dr. Konrad Körner
Lawyer & MdB Bundestag

Top questions. Top audience. Top organization. I strongly suggest taking part in that event...!

Julian B. Schulze
Founder & Project Manager

Audience Feedback 1/2



It is by far the best AI afterwork event in the metropolregion nuremberg!

Nico E.
Entrepreneur

Everything is on point. Organization, setting, environment,... absolutely fantastic!

Tom D.
IT DevOps Engineer

I never missed one single afterwork event! The organization, content and the people are perfect.

Philipp S.
Software Developer
